## Outdoor Band Concert Days Are Back Again!

Friday, June 17, marks the opening of the third season of Sierra Madre's concerts in the park. Under the baton of Roger Gray, the Sierra Madre Community Band will present a varied program beginning at 8 p.m.

Most of the approximately 40 musicians have been with the band since its introduction by the Sierra Madre Recreation Commission. This year the group will present several innovations, including audience participation stunts, and prizes donated by local merchants.

During the third concert, July 15, some lucky member of the audience will receive a man's wrist watch.

With music to please all tastes, including marches, novelty numbers, popular and symphonic arrangements, vocal talent and instrumental solos, the band promises an interesting variety of entertainment, according to Paul Landwehr, band committee chairman.

Concerts are to be held every other Friday during the summer. The schedule is: June 17, July 1, 15, and 29, August 12 and 26, and September 9.

The band also will represent Sierra Madre at several events in the county, including "Johnny Meloch's Annual Picnic" Sunday, July 24, at La Cresenta Park.

## POLICE GET CALL; OFFICER SUCCUMBS

The Police Department's log book is relatively peaceful this week. No major crimes, no car accidents—only minor misdemeanors. But the lull and boredom of the wee hours of the morning of June 4 were dispelled by this notation:

"St. Luke's maternity ward called this department at 5:28 a.m., stating that Mrs. Al. Mazzuca presented her husband, Police Officer Mazzuca, with a baby boy. Both are doing fine, but the father is still in a state of coma.

"Cigarettes (long stem, filtered) will be handed out by the man behind the badge (I mean the man behind the coma). Incidentally, this is Mazzuca's third offense. Are there more to come?"

Before appending his name to the "routine report," the reporting policeman inserted a classic line which read "Dum-dum-dum," then signed on the dotted line: "Spot Light Erby, Investigatin' Officer."

## Dr. Powell and New Officers Featured in Library Program

By F. JOSEPH McCORMACK.

Mrs. Stanley Fish, member of the pioneer Hawks family, was elected as the new president of the Friends of the Sierra Madre Library at the group's annual meeting last Thursday evening in the Community Room of the new library building. She succeeds Mrs. John Conzelman, who was elected to the Friends' policy committee.

Other new officers named at the meeting were Mrs. Dan D'Arcy, who will serve as vice president, and Mrs. Ralph Jones as corresponding secretary. Mrs. Randolph Wood was re-elected as recording secretary, while George Russell was chosen to fill the treasurer's post. Foster Buckner was re-elected to the policy committee, as was Martha C. Pritchard, member of the city's library board, who again will act as liaison officer between the board and the Friends.

Featured speaker was Dr. Lawrence Clark Powell, well-known author and librarian at U.C.L.A. Dr. Powell, who was introduced by Program Chairman Paul Sheldon, delighted the more than 60 persons attending the meeting with reminiscences of his school days and his literary experiences in recent years.

He paid tribute to the late Nellie Keith, who was librarian in his hometown of South Pasadena, for "breaking the rules" regarding the number of books any one person could take out,

## NEW SQUARE DANCE SCHEDULE CHANGES

There has been a change of date for the two square dance periods sponsored by City Council and the Recreation Commission.

Previously announced for June 10 and 17, the latter date has been changed to June 18 because of the Sierra Madre Community Band which will present its first concert in City Park Friday evening, June 17.

The square dances, called by the instructor, Mrs. Isabel Connaughton, begin at 7 p.m. During the recent Chamber of Commerce sponsorship they were held at the parking lot of Roberts Market, but for the new schedule the dancers will meet on the tennis courts at City Park.

## Pioneer Business Institution Moves To New Address

One of Sierra Madre's pioneer business institutions, the Sierra Madre Hardware Co., will close its doors Saturday at 6 p.m. for the last time at its 31 W. Sierra Madre Blvd. address where it has been since 1912.

Now in the process of moving to a much larger store at 21 Kersting Court, in what formerly was the Bank of Sierra Madre building, the hardware company will remain closed Monday through Thursday of next week, but will serve its customers Friday.

The change will not affect the company's plumbing department which will answer all telephone calls at Custer 5-2331 throughout the new installation period.

One of the many features of the new store will be an arrangement whereby customers may enjoy the time-saving advantages of self-service. A quick check-out stand will enable the customer to get what he wants in a hurry without, for instance, having to wait around to buy a small but important bolt or washer.

The new arrangement also will make it possible for the 12 people employed there to have more time for the customers who need advice in their purchases.

Not all the furnishings will be new, however. Among the historic pieces still retained will be the antique wheel that years ago was used to hold buggy whips but now serves as a holder for fishing rods.

The hardware store, now expanded to a 50 per cent increase of square footage, dates

THE ORCHESTRAL ASSEMBLAGE at City School, consisting in total of 34 children, has become more than just a "kid's orchestra" this week because of its symbolic position in a new local issue that shows every sign of developing into one of the town's hottest. Sierra Madre parents, who add up to a high percentage of the population in this residential area, are joining forces to make a last stand against the possible dismissal of the music teacher at City Schools, Mrs.

Matilda Smith, which may be one of many results from the defeat of the school tax election April 29. Those in the picture, representing only a small portion of the many students in all grades who benefit from the music and dramatic program at the two City Schools are, left to right from Mrs. Smith at the piano: Lee Landwehr, David Hopper, Lincoln Haymaker, Linda Waite and Virginia Hippenstiel.—(Photo by Joe Hinojos.)

## Dark Theatre May Be Relighted

Sierra Madre may have a motion picture theater once again, if plans now being made by Harold Stein to renew its operation sometime in July are successful.

Placards are going into merchants' windows this week as the first step in Stein's preparations to reopen the theater through the advance sales of tickets which will be offered on a bargain basis. The tickets, which can be purchased through local

merchants, will be priced at 12 for \$5 which normally would be the price for 10.

The reopening, according to Stein, will be because of popular demand—or, it might be said, because of popular complaint since the theater closed April 19.

Prominent among those who have complained at its closing are young people, persons without cars, and older people who enjoy motion pictures only if they don't have to travel far to see them.

Stein says that when lack of patronage forced him to close he had no intention of reopening, but that the size of public requests for the theater's operation has changed his mind. If as many people buy the bargain set of tickets as have asked to have a local theater again, Stein says, then there will be no doubt about the success of the new venture.

Money from the advance sale of tickets will be used to remodel and refurbish the interior of the theater, according to Stein, who also says his plans for a general redecorating will include the installation of approximately 200 new seats.

Money received in the ticket sale will be deposited in escrow at the Bank of Sierra Madre, to be refunded to all purchasers in case his plan to sell one thousand ticket-books fails, he explains.

Stein guarantees that the tickets will be good for six months from date of the theater's opening, and it is his belief he will know by the end of the first week of ticket sales whether or not the people of Sierra Madre really want a motion picture theater.

## Inoculation Series For Dogs Begins Today

Dog rabies inoculations, sponsored by the PTA, will be held according to schedule today, tomorrow and Monday on the Auburn Ave. parking lot north of the City School building at 141 W. Highland Ave. The hours will be from 7 to 9 p.m. on those dates.

Police will be on hand for those who wish to purchase dog licenses, and Boy Scouts will assist in handling the dogs.

The inoculations will be administered by skilled veterinarians in the presence of representatives from the Humane Society.

Cost of the inoculations will be \$1 each, which means a saving of at least \$2.

## School Budget Cuts Develop Battle Centered on Teacher

### HEARING ON ZONING TONIGHT

The third public hearing on the proposed new zoning ordinance will be held tonight at the City Hall at 8 o'clock. The Planning Commission will hear first several shorter items of business which, it is hoped, will be dispensed with by approximately 9 o'clock. The balance of the meeting will be devoted to discussion of the zoning law.

### 623 Residents Show Opinions On Education

A total of 623 Sierra Madre residents went to the polls last Friday to vote for two members of the five-man Pasadena School Board.

Unofficial tabulations indicate that Russell M. Loesch and Edgar Barratt were elected, although in the closest school board election in the memory of Pasadena officials, the 119 absentee ballots may elect Mildred Cranston instead of Barratt in the final count tomorrow.

However, Sierra Madre voters were 3 to 2 in favor of the opposition ticket of Mildred Cranston and James McMichael, whose platform favored educational standards as they now exist in Pasadena schools.

Loesch and Barratt campaigned for emphasis on basic education, more economies in the school system, and stated they would urge the suit for Victory Park as a high school site be dropped as too time consuming.

Local tabulations may indicate the majority of Sierra Madre parents are satisfied with the secondary education of their children, while Pasadena citizens are evenly divided, although what proportion of the voters were interested only in an economy program cannot be determined.

Tabulations of the two Sierra Madre precincts, and the total vote:

	Total	Sierra Madre
Loesch .....	10,130	228
Barratt .....	10,098	221
Cranston .....	10,024	369
McMichael .....	9,304	365
McElwain .....	649	22

Sierra Madre also cast 25 votes for candidates who had withdrawn.

## Parents Organize to Retain Children's Music Education

A storm that is brewing in Sierra Madre shows signs of becoming one of the hottest whirlwinds on the civic scene in many months. Having nothing to do with tornado conditions such as those in the Middle West recently, it's all because of a little woman, diminutive in stature but apparently big in cultural importance, who is the music teacher for the public schools here.

Her name is Mrs. Matilda Smith. She is one of the many "departments" in the two public schools here—known as Sierra Madre Grammar School at 141 W. Highland and Sierra Mesa Elementary School at 140 N. Canon—who, or which, may be deleted from the local scene due to the forced budget cuts in the schools' program made necessary by the defeat of the April 29 school tax election.

Other school departments that have been given the axe in the budget cut are the school bus, the cafeteria, and the summer sessions previously conducted each year for the benefit of children who need extra help to make their grades.

Mrs. Smith, categorized as the

"music department" for the sake of impersonal, financial, and scientific evaluation, was listed among those items that had to be sacrificed in the name of cost cuts—until a small army of mothers began snowballing their reactions into an organization now known as the "Committee of Interested Parents."

The committee reports that the urgency of the drive lies in the fact that Mrs. Smith, whose work reportedly is of more importance to the community than can be seen by the naked eye, has been offered positions outside Sierra Madre and therefore must be given a contract by June 15 to keep her here. That is why parents are trying to raise \$4700 to pay her salary for the coming school year.

Members of the committee, other parents, and various sympathetic residents rate Mrs. Smith above the school bus and cafeteria for if no other reason than because the "Music Department" involves the benefits of 800 children, whereas, according to the committee report, the bus serves about 100 children and the cafeteria about 200.

The committee, in stressing the personal as well as the daily classroom instructions given by Mrs. Smith for more than six years, already has received the cooperation of the Bank of Sierra Madre which is providing a locked deposit receptacle whereby contributions for retaining Mrs. Smith may be dropped or mailed. If the

## Siren Tests Begin Next Tues. at 7 A.M.

Beginning at 7 a.m. next Tuesday the new, louder siren installed at the City Hall for civil defense purposes will be given its first tests. The old fire siren's signal, unable to penetrate into the outlying areas of the city, has been declared inadequate to give a sufficient warning in the event of enemy attack.

For three days next week—Tuesday, Thursday and Saturday—the new siren will be sounded five times each day: one short blast at 7 a.m., 10 a.m., 12 noon, 4 p.m., and 9 p.m. The purpose is to determine whether its warning signal can be heard by all citizens, and the tests must be repeated because of varying atmospheric conditions and wind direction.

The Civil Defense organization will appoint several of its members living in various parts of the city, who will report to Dr. Daniel D'Arcy, Civil Defense Associate Director, the relative intensity of the signal in their area. City Administrator Bevington suggested that C.D. members prepare a schedule of days and hours in advance, reporting to Dr. D'Arcy at the end of the testing series the results of each alarm.

All persons, particularly those in the more remote sections of the city, also are invited to participate in the testing program, reporting their observations to Dr. D'Arcy.

Scheduled for the near future are studies of shelter and bedding facilities, methods of evacuation, first aid, and similar civil defense needs, in which everyone is asked to cooperate. Pertinent suggestions will be welcomed by Dr. D'Arcy or the City Administrator.

## Rose Show Set For Record Making Event

John L. Laun, president of Pasadena Savings & Loan Association, has announced a record number of entries will make this year's Annual Rose Show one of the biggest and best amateur rose shows ever to be held. The two-day showing at the Association's headquarters at the corner of Colorado and Garfield in downtown Pasadena will be open to the public Saturday and Sunday.

As in past shows, all of which attracted throngs of visitors, this year's Fourth Annual Rose Show will be replete with gorgeous floral displays and musical entertainment throughout both days. More entries are anticipated than in any of the previous shows, and more awards will be presented.

There will be 29 awards presented, including the Sweepstakes Award for the best entry of the entire showing. Judging will be under the direction of Fred Waters, vice-president of the American Rose Society. He will be assisted by Mrs. Paul C. Berger, Mrs. Edna B. Ketchum and J. A. Armstrong of Armstrong Nurseries.

Free to the public, the exhibit will be open from 1 until 4 p.m. Saturday and between 12 noon and 3 p.m. Sunday. Further information may be obtained at Pasadena Savings & Loan Association, 301 E. Colorado St., Pasadena.

## Continued Collections Bring Community Chest Near Goal

Committee appointments for 1955-56 and status of the current fund campaign have been announced by Dr. Raynor Smith, recently elected president of the Sierra Madre Community Chest.

Total received to date in the 1954-55 Chest Fund Campaign which closes June 30 is approximately \$7280, just \$220 short of the \$7500 goal, with pledges and contributions still trickling in, Dr. Smith disclosed.

In submitting his new committee appointments to the Chest board of directors, the new president complimented Fund Campaign Chairman Newell Barrett for the virtually assured success of the present campaign and expressed his pleasure in announcing that Barrett had agreed to

serve in the same capacity for the 1955-56 solicitation.

Albert J. Paus was named as chairman this year for the Budget and Admissions committee which will begin its hearings on institutional requests for Community Chest support soon after the June 30 deadline for applications. Serving with Mr. Paus will be Mrs. P. R. Woodworth, Walter Goodwin, Donald D. Mon, Frank Barbour, Samuel Kirk, past president of the local Chest board; Mrs. Percy C. Kortkamp, Mrs. Margaret Ascher and Harry Lange.

Appointments to the Fund Campaign committee to assist Chairman Barrett, as well as a publicity chairman, will be announced later. Next meeting of the board will be July 5.

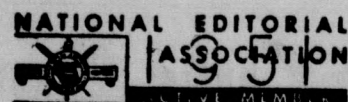

THE DAYS WHEN Sierra Madre was known as an artists' colony obviously are not gone forever. Through developing activities here such as the recent art show at City Hall, the exhibit at the new library, and the Arts and Crafts Fair at the Episcopal Church of the Ascension last Saturday, the town once again is making a strong bid for being "The Biggest Little Art Center" in the San Gabriel Valley. In the latter event, when more than 300 people examined the work of 65 exhibitors from here and five other cities, the arts and crafts of Haiti and Jamaica were among the predominant features that included oils,

watercolors, jewelry, ceramics, clothes and even native music. Those in the picture, some of whom were among the 120 who stayed for the buffet dinner arranged by Mrs. Russell Simmons, were: Artist Wesley Gale, Mrs. Spencer P. Edwards, chairman of the event; Rev. Harley Gibbs Smith, Jr., rector of the church; Mrs. Eugene Field Englar, president of St. Catherine's Guild which sponsored the Fair; Artist Marcella Carlson, and Rev. Alfred E. Norman, vicar of St. Barnabas Mission in Pasadena.—(Photo by Joe Hinojos.)

## Letter to the Editor

Dear Editor:

Many people have asked me about the Music Program in the Sierra Madre City Schools. I am taking this opportunity to present information regarding this school activity so that

all interested persons may know the details.

The Music Program in the Sierra Madre City Schools is a comprehensive program which includes classroom singing for all groups. This phase is at present handled by both

Mrs. Matilda Smith, our full-time music teacher, and the classroom teachers. This class activity also includes note reading, rhythm work and music appreciation and is of importance because it is preliminary to all other types of musical expression.

In addition to this, our music teacher has given the opportunity to each of our students to appear at least once a year on the auditorium stage; part of the school at the Christmas Program and the remainder at the Spring Program. Many of these musical performances have been written by Mrs. Smith and staged under her direction with the close cooperation of the teachers. We believe that this one annual stage appearance is important to our boys and girls.

Our music teacher has been in charge of our Orchestra of some 30 to 40 members. The formation of this usually begins early in the school year with instrumental instruction with small groups of students. By May, the Orchestra is ready to appear in public and has presented an annual concert.

Students from the third, fourth, fifth and sixth grades are involved in this program. School-owned instruments valued at several hundred dollars are available for use of our students. In addition, of course, many pupils own or rent the instrument of their choice. In recent years, this Orchestra has played at Linda Vista School in Pasadena, at their invitation.

Mrs. Smith, our music teacher, has had charge of the distribution of tickets to several nearby musical events. For instance, concerts by the Los Angeles Philharmonic Orchestra, the Pasadena Civic Orchestra, and the San Gabriel Philharmonic Orchestra. Her activities in connection with these events have consisted of publicizing the event, giving our students some background information, distributing tickets for the program and planning with parents re transportation to the event.

For example, we had 104 of our children attending the Los Angeles Philharmonic concert at their program given at Pasadena Civic Auditorium. Another aspect of the position of music teacher in our schools has to do with the frequent counseling of parents relative to the type of instrument suitable for a son or daughter; the possibility of loan from the school or rental

## What Do You Think?

Editor's Note: The opinions expressed in Mr. Shippey's column are not necessarily those of the editors and publishers of the NEWS. If you disagree with Mr. Shippey, who asks, "What Do You Think?", please address your letters to this paper or to Mr. Shippey. It is the intention of THE NEWS to stimulate provocative thought and what YOU think is an important part of our program in questions of the day. Naturally, we cannot use letters which are abusive or unsigned. We not only invite, but encourage you to use our "Letters to the Editor" column.

The Sierra Madre Cemetery looked better kept on our last Memorial Day than it had ever looked in all the years I have lived here, and Mrs. Myrtle Hartman, who is largely responsible for the organization of the Sierra Madre Cemetery Committee, informs me that almost enough money to pay for care of the cemetery for this year has come in in the form of memberships. If the committee can get 50 more memberships at annual dues of \$5 or more, our cemetery can be kept in admirable condition the year around, and there must be at least 50 more persons whose loved ones are buried there who would like to become members of such an organization and can well afford \$5 a year memberships. However, the committee is just as grateful for pledges of smaller annual dues, for it is the spirit of cooperation which is most important. In the meantime, the entire community should be grateful to Mrs. Hartman and her committee.

I'm completely unreconciled to the banning of backyard incinerators. In the case of factories and motor vehicles, only those which are creating too much smoke are punished, and it should be the same with incinerators. I burn waste papers and such in our incinerator every morning, and I doubt that any of our neighbors have been able to see smoke arising from it in the last two months. That is because I never put folded papers, wet papers, rags or anything not easily combustible into the incinerator, and never dump a lot of stuff in all at once but feed the papers to the flame sheet by sheet or in such form that they ignite instantly and burn completely, and nothing is left to smolder. It takes a little more time—perhaps five minutes more—but my experiments have convinced me that backyard incinerators, properly managed, create no nuisance whatever. I lose patience with politicians who try to settle all problems by creating new jobs for some of their favorites and putting a few extra dollars a month on the taxpayers in the form of indirect taxes.

Other day I met a new resident for the first time and he

from our outside source and the possible plans for outside private lessons.

The combination of all these activities constitutes the Music Program of the Sierra Madre City Schools.

Sincerely,  
SIERRA MADRE CITY  
SCHOOL DISTRICT  
CHARLES A. SKUTT,  
District Superintendent

said: "Oh, you must be the controversial Mr. Shippey." I didn't know I was getting that reputation, but I don't mind a bit. The object of this column is to stir up discussion, and as long as we're all sincerely working for a better town, state and nation that should be beneficial. As the editors point out every week, these are my opinions, not necessarily theirs, and their columns are wide open to those who disagree. I'm not only nobody's rubber stamp, but I don't ask anyone to be my rubber stamp. But I think events often prove me right. For example, when the secretary-general of the United Nations went to see the premier of Red China about the American flyers imprisoned in China, some persons who don't like the United Nations were scornful. I recall a cartoon and some radio comment sneering at Dag Hammarskjöld for going hat in hand, like a supplicant. Some people thought he should have gone with an atomic bomb. However, he started things which are bearing good fruit. I think the United Nations is the hope of the world—and so does Eisenhower.

## Congressman Edgar W. Hiestand REPORTS THE WASHINGTON NEWS

## FEAR AND FAITH

Fear is painful. It hurts. Knowledge of the facts, however, can and should banish it into thin air.

I have recently finished a tour of our great district, and return to Congress after recess, re-inspired with faith and confidence greater than ever, in the basic soundness of our great people, their unbounded enthusiasm, optimism and their deep and abiding confidence in our government and our country. I am seeing faith succeeding fear and it becomes increasingly apparent in several important ways.

## RECESSION

Fear of a recession so widely predicted and promoted between summer of '52 and into '54 has been effectively met by your government and dissipated; '53 and '54 were the greatest years in our history and with the 7 billion increase in personal income the years '55 and probably '56 look as good or better! Have faith in your management.

## INFLATION

The fear of inflation, itself completely checked in the two years, has proved a myth. The cost of living has been stabilized. Have faith in your management.

## U. N.

Fear of the effect of international agreements upon our internal security is evident. Remember however, we have a Senate, now thoroughly alert and convinced of the soundness of the Constitutional clause requiring that the legislative function be exclusively reposed in the representatives of the people. Have faith in your Senate and in Congress.

## OLD AGE

Fear of old age insecurity is perhaps a more widely spread

human frailty. But the Congress not only broadened the base of Social Security, increased the benefits, but added several important tax reliefs to older folks. Have faith in your government.

## WAR

Fear of war, a needless war, is reflected by my correspondents. But how can we possibly imagine all military experts wrong. They declare successful amphibious landings across 100 miles of sea or any other strait absolutely requires complete mastery of the air, sea and supply lines. What "Chinaman's chance" do the Reds have, at tacking a power able to clobber them at any weak spot within thousands of miles. The way to peace is not through appeasement but through power and firmness. There's no greater fighter for peace today than your President. Have faith in him!

## FALLOUTS

Fear of atomic fallout is reflected by some. I have recently had first-hand information from the Atomic Energy Commission and great atomic scientists and hereby state emphatically that our Nevada explosions are meticulously and scientifically planned only to test effects on various objects and conditions. They are thoroughly under control. I am

### Dickey-Miller Nuptials May 29th In the Chapel of Roses, Pasadena

Nuptial vows were recited May 29 in the Chapel of Roses, Pasadena, by Carolyn Lee Miller, daughter of Al W. Miller, 550 N. Hermosa and Mrs. Laurena Eugene Hutchison of June Lake, Calif., and Donald Raymond Dickey, son of Mrs. Martha Dickey of Newport Beach, Calif., and the late Clinton E. Dickey.

The bride was attired in a chapel-length gown of pale ivory tulle and tulle. The fitted bodice was accented by pleated lace and tulle with a crowned shoulder of lace. A many-layered bouffant skirt of net and tulle, complemented by a border of Alecon lace and pleats, completed the gown. A short veil fell from a crown of hearts. The bride carried a prayer book covered by Eucharist lilies and lilies of the valley.

The bridal attendants, Mrs. Richard Gibson Jenkins, matron of honor, and Miss Jo Ann Wright, maid of honor, wore chapel-length princess gowns of procelain blue crystallette with trim bows cascading down the back. Their ensemble was completed by delphinium blue tulle veils and crescent bouquets of delphinium.

William Dickey served as best man and the ushers were Al W. Miller, Jr., and Paul Useleman. The honor usher was Charles Henrotin.

The bride's mother was gowning in a mauve lace dress with delicate pink accessories. The groom's mother wore a pale pink frock accented by white accessories. Both mothers chose white cymbidiums with lavender centers for their corsages.

### Community Concert Artists Selected for New Season

Artists for the 1955-56 Foothill Community Concert Association season have been named by the association's board of directors, according to Mrs. Noren Eaton, Sierra Madre chairman. Besides Mrs. Eaton, three other Sierra Madre members of the board were present during the recent selection — Mrs. Daniel D'Arcy and Mr. and Mrs. F. Joseph McCormack.

Scheduled to open the season sometime in October is Cesare Siepi, stellar basso of the Metropolitan, San Francisco and La Scala Operas. He is also known for his numerous recitals and appearances with symphony orchestras, as well as for his record number of engagements on TV shows such as "Toast of the Town" and "The Voice of Firestone."

Second attraction next season will be Les Compagnons de la Chanson (The Companions of Song) and Pianist Emanuelina Pizzuto. Toast of Paris and London, these nine young Frenchmen became famous in this country through television.

concert and night club appearances, as well as their best-selling Columbia record, "The Three Belles."

Highlighting the season in December will be the appearance of noted Soprano Dorothy Maynor, whose magnificent voice has won her acclaim in North America, Europe, South America and Australia.

Especially well known in this area because of his more than 25 guest appearances with the Los Angeles Philharmonic Orchestra is the fourth artist, Leonard Pennario, brilliant American piano virtuoso. He is scheduled to appear in January.

Closing the season in February will be an unusual attraction, the Virtuosi di Roma, a group of Italian artists, each of whom is a concert soloist in his own right.

"We feel that this is an outstanding roster of concerts and certainly will make our ninth season one of the finest," Mrs. Eaton said.

She pointed out that the ex-

act dates of the concerts will be announced following confirmation of the dates with Community Concerts' New York office. Season memberships were available only during one week in the latter part of April and tickets to single concerts are never available under the Community Concert one-week membership campaign plan.

Those who purchased season memberships will receive their tickets by mail early in the Fall, she said, along with a reciprocity concert list prepared by Mrs. D'Arcy. Under the reciprocity plan, members of the local concert association have the privilege of attending Community Concerts in other communities without additional charge.

### Annual Event Honors Fifty- Year Couples

Nation-wide attention again is expected to be focused on the Second Annual Golden Wedding Picnic Tuesday, June 14, for couples who have been married for 50 years or more.

Plummer County Park, 7377 Santa Monica Blvd., West Hollywood, will be the scene of the unusual gathering of senior citizens, whose weddings in some cases are expected to date back as long ago as 1885. Again sponsoring this assemblage of husbands and wives who have "loved, honored and obeyed" for more than half a century will be American Women's Voluntary Services.

The gathering of senior citizens attracted a large outpouring of news writers and photographers in 1954, with some of the pictures being seen throughout the nation in the press and on the screen.

Reservations should be made today by calling WEster 9-6827. Coffee, ice cream and cake will be furnished without charge.

## ... Social and Club Activities ...

ELEVEN GIRL SCOUT TROOPS participated in a recent two-day Camporee at Sierra Madre Villa County Park where they cooked and slept outdoors. In between hikes and sports of various kinds the girls organized their own entertainment program. Patricia Hawkins of Mariner Troop 3 led the singing and Troop 20 staged a short play. A dance was presented by members of Troop 19; those from three Brownie troops who were about to become Girl Scouts sang a chorus; and the program was climaxed by Susan Maloney of Troop 15 who amazed

her audience with a magician's show. Those in the picture from Troop 19 who prepared dinner were (reading clockwise): Pamela Metzel, Cora Key, Diane Phillips, Mrs. Karl Joehnk, Ann Vanderhave, Louann Volmert, Karla Joehnk, Leader Mrs. Paul Burton, Molly Redlon, Patricia Flynn, Veronica Marchine and Barbarann Volmert. Not in the picture were Mrs. Tom Marchine and Mrs. John Redlon, latter of whom acted as First Aider for the Camporee.

### Campfire Log

A "Grand Council Fire" will be presented by the Sierra Madre Campfire Girls tomorrow at the Youth Hut, beginning at 8 p.m. All parents, and the public in general, are invited to attend the program which is an annual occasion when fourth grade Blue Birds "fly up" to become full fledged Campfire Girls.

The event also is a rededication of girls and guardians to the ideals of Campfire. At a public "Grand Council Fire" the girls as well as observers gain a new insight into the meaning of Campfire and a new vision of the workings of all the groups as a united organization.

Mrs. Betty Crook will be the guardian of the Fire, and the Rev. George W. Lindsay will give the benediction.

Blue Birds who will fly up are Vicki Atkinson, Patty Buckner, Cathy Clardy, Ellen Clerk, Nora Justice, Kathy Ower, Barbara Paige, Margaret Pedigo, Becky Rene, Susan Ann Robinson, Cheryl Stubbs, Joanne Vorster and Diane Carew.

The Campfire Association will conduct its day camp this summer at the Sierra Madre Youth Hut for girls in the Sierra Madre-Arcadia-Monrovia area. The camp will be extended from July 5 through July 8, then again from July 12 through July 15. The day schedule will be from 9 a.m. until 2 p.m.

Carefully supervised recreation, including swimming classes twice weekly with parental consent, will be offered to all girls who are either second-graders or seven years of age up to and including those who are of Junior High School age.

Applications by non-members will be accepted this month if attendance quotas have not already been filled. The total cost of \$3 for the eight days will include craft supplies, milk and insurance.

The girls, or their parents, must furnish their own transportation. The Sierra Madre-Santa Anita Highlands bus goes directly by the Youth Hut.

All registration cards should be mailed to the Campfire Office, 120 N. Raymond Ave., Pasadena, by July 1. The cards are available at the schools or may be obtained from Mrs. Harold Drury. Her telephone number is CUster 5-9493.

convinced we have thus acquired and classified more actual scientific information than in all the rest of the world combined. Without this there might have been danger. So, have faith in your painstakingly careful management.

**FAITH**  
After all, what place in the American character has fear or anger or hatred? What folly to borrow troubles and fear when we have a government of obvious integrity and great capability! All the predicted disasters have vanished into thin air and as the philosopher said, "this too will pass." These fears are largely being dispelled, I believe, by a widespread and very well justified resurgence of spiritual faith. I have the conviction that this spiritual rebirth, now widely acclaimed, is greatly encouraged by the sincere religious example of the President of the United States.

Life may be hard by the yard, but it's a cinch by the inch.  
Sufficient unto the day is the evil thereof.

### Emblem Club Members Plan Family Dinner

Members of the Monrovia Emblem Club will meet for their monthly social Thursday, June 23, rather than June 16 which was previously scheduled. A family dinner is planned at this time and the entertainment will be provided by the Emblem drill team.

A large group of new members were initiated into the club at a recent business meeting. Supreme district deputy, Margaret Boland, presided at the initiation rites for Mrs. Muller, Mrs. James Nicolson, Mrs. Trop Bole, Mrs. Joe Taber, Mrs. Harry Knight and Mrs. Fred Klink, Jr.

A very impressive ceremony, featuring Flag Day, was given by the combined teams of the Monrovia Emblem Club and Monrovia Elks Club. Trophies also were presented to the Emblem Club by the drill team that had won in the Fontana Parade and the Monrovia Day Parade.

Members were honored by having as their guests Mrs. Ruth Marvin, supreme assistant organizer and past president of the Glendale Club; Mrs. Boland and Mrs. Mary Fitzhugh, supreme press correspondent and member of the Whittier Club.

## Girl Scouts Notes

Eleven Brownies were inducted into Troop 4 last Wednesday at the home of Mrs. Lee Shippey, assistant leader. Mrs. Mary A. Morse is the leader. After receiving their certificates the girls were escorted on a hike along Sturtevant Trail to Freshwater Falls, where they enjoyed a wiener roast.

The eight-year-olds have been studying wild birds during the past year, and evince a remarkable memory, Mrs. Shippey said.

The 11 girls who received their Brownie certificates were Karen Lee Quackenbush, Patsy Phillips, Christine Thomas, Peggy Jo Bigelow, Maya Morse, Teresa Compas, Ann Heasley, Sherri Smith, Cynthia Lance, Sheryl Sparks and Diane Reichard.

### Episcopalians Spend Weekend at Retreat

The men from Sierra Madre's Episcopal Church of the Ascension who spent last weekend at the retreat house of the Mt. Calvary Monastery in Santa Barbara were James Lester, Hall Perry, Eugene Comstock, Charles Waugh, Emerson Reichard and Richard Baker.

The retreat, founded and blessed by Bishop of the Episcopal Diocese F. Eric Bloy of Los Angeles in May, 1949, is in the mountains northeast of the old Santa Barbara Mission. A retreat house for women is next door to the old mission.

### Shugerts May Solve Junior's Train Problem

Youngsters who have to fight their dad's for a chance to play with their electric trains, supposedly given to the youngsters, should take the elder train enthusiasts to Shugert's House of Toys, 113 E. Huntington Drive, Arcadia, where a complete new line of 1955 HO-gauge train equipment now is being offered to "youngsters" from 6 to 106 years of age.

Anyone over 106 will be disqualified as a customer, unless he can pay cash.

The trains, which are a specialty at Shugert's, are authentic scale models in just about all the locomotives and "rolling stock" ever visualized in the fanciest dreams of the wildest small-scale train devotee.

The wide selection of model kits of all types—for trains, automobiles, aircraft and other transportation models—won't disappoint anyone either.

They may, in fact, keep Dad so busily fascinated that Junior will at long last have a chance to play with his train.

### MISS JOYCE LANGE TO SUMMER AT LAKE TAHOE

### 5-Week Course Set For Speed Writing

The Sawyer School of Business in Pasadena has announced the Second Annual five-week summer course in "Speedwriting" designed particularly for high school, college students, and others desiring this practical training. It is said to be particularly valuable for those who plan to enter the military service.

The course will be held in the modern, air-conditioned classrooms of the school located at 1165 E. Colorado St.

Speedwriting, the famous ABC system of shorthand, reportedly has proved to be amazingly easy to learn and has been mastered in less than one-fourth the time required for all other recognized shorthand systems.

Speedwriting class enrollments are limited in size and applications are accepted in the order received. Interested persons should telephone the registrar, Sawyer School, SY. 2-7193 for further information.

iors to the senior group. Mrs. George Dunsmoor, president of the Friday Morning Club, accepted the gift.

## Jane Lange Wins Highest School Honors

Two of the highest honors that can be given a high school student in the Pasadena school system have been awarded

Jane Adele Lange

Jane Adele Lange, daughter of Mr. and Mrs. Harry A. Lange, 529 W. Laurel Ave.

The Kiwanis Award, which she won at Muir, is given to but one boy and one girl at that school and is based on the judging of the student's qualities in citizenship, scholarship, sportsmanship, general training, health and activities. The award, which will be presented Miss Lange at the Pasadena Kiwanis Club luncheon today, is symbolized by a black and gold medal inscribed with the name of her school and the letter "K."

Miss Lange, a native Sierra Madrean who will celebrate her 18th birthday June 29, also was one of 15 students, each representing his home area, who received the Order of Distinguished Service, the highest award that Muir gives. This top honor, represented by a black and gold star pin, depends upon the votes of students and faculty members.

Among her activities at Muir were aquacade, freshman council, representative for Associated Women Students, civil affairs commission, Adelphians (girl service club), Women's Athletic Association, Aquafolies, Girls' League President, senior class council, director of alumni on the Pep Commission, and the all-city orchestra.

Miss Lange, who attended grammar school here, will be graduated from Muir in the June 16 ceremonies at the Rose Bowl.

## PIONEER BUSINESS

Continued from Page 1

back to 1887 when C. M. Clark, who had been in the hardware business in Sandwich, Mass., sent his stock of merchandise around South America's Cape Horn to Sierra Madre to establish the first hardware company here, next to the packing house of his cousin, W. S. Andrews.

In the days before Central Ave. was changed to the name of Sierra Madre Blvd., the store was located at Central and Lima.

Formal opening of the new establishment on Kersting Court will be sometime in the latter part of June, the exact date to be announced later.

The Navy's destroyers were originally designed to carry one specific weapon—the torpedo. Their primary mission now is anti-submarine warfare.

## Evening Services By Special Guests At Congregational

"St. Paul, the Apostle Speaking" is the title of a sermon to be preached by Dr. Harley Gill, formerly superintendent of the Northern California Congregational Conference, at a Recognition Service at the Congregational Church this Sunday evening at 7:30 o'clock.

The service is in honor of the pastor of the church, Rev. George W. Lindsay, who served on the Northern California Conference staff during Dr. Gill's superintendency.

Rev. Donald Ostrander, ministry of the Trinity Presbyterian Church, will represent the local fellowship of churches on the program and Dr. Jesse F. Perrin, superintendent of the Southern California Conference, will speak for the churches of that fellowship. Others also will share the program.

## New President Of Scientist Church Named

Mrs. Gertrude W. Elseman of Boston, Mass., has been named president of the Mother Church, First Church of Christ, Scientist, in Boston, according to Mrs. Margaret K. Anthony, 248 San Gabriel Ct. The appointment to presidency was made at the recent annual meeting of the

MRS. GERTRUDE W. EISEMAN

Mother Church attended by church members from many parts of the world.

Mrs. Elseman has been active in various capacities in the Christian Science movement for many years. A native of New York City, she is now a Christian Science practitioner in Boston. Her appointment was announced by the Christian Science Board of Directors. The term of office is for one year.

Prior to devoting her full time to the public practice of Christian Science healing, Mrs. Elseman was very active on various philanthropic and civic boards. During the Second World War she served on the Christian Science War Relief Committee.

## Jewish Center Plans 'Torah' For Juniors

Final arrangements have been completed for the memorable ceremony of presenting "The Torah" to the Junior Congregation of the Foothill Jewish Community Center. This unusual dedication will take place Sunday, beginning at 2 p.m., at the Foothill Jewish Community Center, 212 N. Lima.

"The Torah" is the Holy Scroll containing the five Books of Moses, written in Hebrew on parchment by a special scribe and is used during services.

For this dedication, Irving Atlas is chairman. Assisting Mr. Atlas are Rabbi Charles W. Steckel and Aaron Glaser, who have planned an interesting program. The guest speaker will be Dr. Jacob Kohn, Rabbi of Temple Sinai in Los Angeles.

Also, a special scribe will be present to inscribe in "The Torah" the last few verses as desired by the congregation present at this dedication. This is the formal ceremonial act of completing the writing of the scroll.

The committee chairmen are Charles Lapson in charge of reception; Mrs. Rose Singerman in charge of school committee; Morris Resnick in charge of the children participating; Mrs. Rose Danchik, refreshments, and Ruben Friedman and Mrs. Evelyn Schaefer for publicity.

Others assisting these chairmen are Mr. and Mrs. William Giesby, Mrs. Lydia Wolff, Ralph Alpert and Milton Honowitz.

In honor of the donor, the committee cordially invites the community to join in this unusual and memorable ceremony.

## Bethany to Offer June Bible School

"Sailing With Christ" will be the theme for the Vacation Bible School at Bethany Church this year. Sessions begin at 9 a.m. Monday, June 20, and will be held daily through June 30.

Bus service will again be extended through East Pasadena, Hastings Ranch, the Canyon, and Highland Oaks areas. All children who will be enrolling in kindergarten in the Fall up through Junior High School are eligible to attend. Registrations may be phoned to the church office, CUser 5-1400.

Extensive plans are again being made to make the school successful and effective. Interesting crafts, games, stories and songs are all correlated around the general theme.

A special banquet for the personnel of the school, nearly 50 young people and adults, is scheduled for next Tuesday night at the church. A special Vacation Bible School parade will be held Saturday, June 18, to announce the sessions. James Hewett is superintendent.

## Science Theme Tells Man's Protection

"God the Preserver of Man" titles the Sunday lesson-sermon in all Christian Science churches.

The Golden Text is from Isaiah (43:23), "When thou passest through the waters, I will be with thee; and through the rivers, they shall not overflow thee: when thou walkest through the fire, thou shalt not be burned; neither shall the flame kindle upon thee. For I am the Lord thy God, the Holy One of Israel, thy Saviour."

Through the acceptance of spiritual revelation these promises of the Bible are in fulfillment today. Jesus, says, as recorded by Matthew (6:33), "Seek ye first the kingdom of God, and his righteousness; and all these things shall be added unto you."

"It is the province of spiritual sense to govern man," affirms Mary Baker Eddy in "Science and Health with Key to the Scriptures." Again she writes, "The testimony of the corporeal senses cannot inform us what is real and what is delusive, but the revelations of Christian Science unlock the treasures of Truth." (pp. 206, 70).

## Guest Sermon at Methodist Sunday By Dr. S. R. Smith

Dr. S. Raynor Smith, minister of First Methodist Church, Eugene, Ore., will be the guest speaker at the Sierra Madre Methodist Church Sunday.

He is the father of the resident minister of the Sierra Madre Methodist Church.

### Comedy Stars Lyle Talbot At Playhouse

Screen star Lyle Talbot is headlining the cast of "Time Out for Ginger," Broadway comedy at the Pasadena Playhouse.

A longtime contract star at Warner Brothers, Talbot has recently turned to the teletheatrical world with great success, playing top roles for Hallmark Hall of Fame, the Robert Cummings Show, the Red Skelton Show, the Burns and Allen Show and many others. This is his first Playhouse appearance.

As Howard Carol, he will recreate the role made famous by Melvyn Douglas on Broadway. Carol is the father of three irrepressible teenage daughters, each of whom goes out for a different goal—Joan for boys, Jeannie for footlights and Ginger for football.

When his youngest actually lands the halfback berth with the high school team, Howard's in Dutch but good. His boss objects to the publicity, his wife to the perils, and even Ginger turns weepy when Howard starts treating her like the boy he's always wanted instead of the girl she wants to be.

Backing up Talbot in this comedy will be Madge Cleveland as his wife, Agnes; Janet Parker as the peppery Ginger; Barbara Kearney and Carol Wecker as the other two daughters, and a cast including Irene Seidner, Roy Regnier, Bill Linton, Michael Keller and Horst Ehrhardt. Thomas B. Henry will direct.

The schedule for "Time Out for Ginger" is extended through June 26.

### Girl Scouts Notes

A bronze engraved plaque, which will be placed near the tree for identification, was presented to Richard Worden, the school principal.

The girls earned the money for this presentation through their efforts at cookie sales and working at the school carnival.

Members of the graduating troop are: Margaret Zellman, Sue Ostrander, Paula Gann, Karen Barnes, Diane Mangham, Linda Egoft, Stephanie Kraus, Diantha Dickson, Halaine Veron, Sandra Rowen and Barbara Bescher.

### Rifle Club Assisted In Soundproofing Job

Sufficient acoustical tile to cover approximately half the ceiling in the Sierra Madre Rifle Club's basement range has been donated by the Celotex Corp. and Guardia Lumber Co. of East Pasadena. Application materials were also given.

Rifle Club members are doing the work on the range in the City Hall, according to Don Armstrong, president of the group. It is hoped that eventually the entire ceiling and part of the walls will be covered to make the range reasonably soundproof.

Members and their families are planning to attend the annual potluck dinner to be held Friday evening, July 8, at the Youth Hut. Last year's specialty of the house was Elkburgers, provided by the marksmanship of Attilio Guardia.

### DELTA ZETA ALUMNAE TO MEET TONIGHT

Pasadena-Foothill alumnae chapter of Delta Zeta will meet this evening at 7:30 o'clock in the San Marino home of Mrs. Hugh Jones, 750 Old Mill Road, for a social evening and last meeting of the season.

### You Can Prevent Forest Fires

About one third of all forest fires are caused by our carelessness.

Although serious damage to our forests is caused by animals, insects and disease, only fire leaves in its ashes the added loss of ground cover which results in soil erosion and floods for many years thereafter.

This makes it doubly important for us to guard against fire in our brush and timberlands during the coming hot, dry months.

You can help prevent forest fires this summer if you will use the ash tray in your car, or if on foot, be sure your match or smoke is out before you throw it away.

Fire breeds disaster. Don't give it a chance.

With BOB BROGGER

Okay, start sending your predictions on both the pennant winners and the outcome of the Pacific Coast League race. You see, we've changed our mind and quit asking for your preference between the two, since our pinch-hitting editor, Sewell Clark, put a statement in my column last week saying: "Keep sending your predictions." He did it without my knowing it, and when I did find out it was too late. He didn't know the contest hadn't started.

So now Sewell has sent me an engraved apology for misinterpreting the contest. The apology, of course, was engraved on the head of a pin and would require a magnifying glass with the power of Mt. Palomar telescope to read—and even then it might turn out to be unprintable.

So far I have received three

predictions and they all have come from Los Angeles. They are from two great fans named Mr. and Mrs. Frank Halburton, and from last year's contest winner, Ralph Stout.

If a poll were conducted to determine the best all-around player in either major league, Bob Lemon of the Indians would land among the top two or three. In Cleveland he is rated the best.

He can pitch, hit, run and field and they say he's not afraid of helping the batboy or the clubhouse man.

An example of Bob's all-around ability was seen when he batted in two runs to help notch his fifth victory in the very young season, against Baltimore, giving him a 5-0 record for the month of April. A few days later he had victory within his grasp against the Yanks, but blew it, "by being stupid," according to him. "I was trying to be too careful in the eighth inning because I was afraid of a home run. So I walked in a run in

stead. There's no defense against a base on balls."

Lemon is the guy who says the only way the Yankees stay up there year in and year out is because they have their big reputation behind them, and teams are scared half to death when they play them. I don't heartily agree with that. Lemon is a great pitcher and competitor, but will never again win 20 games in one season. This is especially true if he pitches in every series against the Yankees, and he probably will. No one will stop the Bombers this year.

rial Book now on display in the Community Room.

John J. Fetters, retiring treasurer, reported a balance of \$512.45 after the purchase of the chairs and the inside shutters, while Mrs. T. M. Randolph Parker, co-chairman of the exhibits committee, suggested that a five-man committee be appointed to obtain exhibits and a three-man committee to review those items offered for exhibition.

Raymond Andrews, audiovisual committee chairman, recommended that the Friends' next project be the obtaining of a projector and screen for use in the Community Room. In accepting the gavel as the new president, Mrs. Fish outlined the goals for the new year, including the obtaining of motion picture and Hi-Fi equipment and a speaker's platform. She also announced that a children's committee will be appointed.
